

Lone Wolf

68 6 7

Chapter 1 by Aaron Hartmann

I am the lone wolf. I don't follow the pack, I go by my own instincts.

Chapter 2 by Payton Barnett

I am different. They all see that. It's no wonder they all try to make me follow rules. They see me as a threat.

Maybe I should leave the pack altogether.

Just maybe...

It would do all of us a huge favor. I just don't know. It could lead to tragedies as well.

Chapter 3 by Cody Neubeck

Now or Never. That is the life I go by. This is what bothers me every day and night. That I'm breaking it. Now or Never and I choose Now. I'm the first one up. I crawl to the center of camp. No going back now. I run like the Devil himself was behind me. I can't look back now and I won't. Never I promise myself. Ever. And so I keep going. Nothing is familiar though nothing should be.

That's part of restarting. I finally stop blaming.

That's when I realize it. The best thing I've ever had. The only good thing I ever had.

Boundaries. No boundaries. I'm not a gamma, or omega. I'm none. I'm all.

Chapter 4 by m a r i e

I am now free. Free to roam the forest as I please, without Alpha ordering me to come back into rank. Alpha, is my Alpha no more.

"ARH-WOOOOOOOOOOOOOOOOOOOOOOOOOOOO" I never realized how much I didn't belong in the Pack. My heart is set on adventure and freedom. I run whenever I please and eat first. I can finally sing my song, not Alpha's.

"ARH-WOOOOOOOOOOOOOOOOOOOOOOOOOOOO!"

I ran, and ran, and ran. I finally was free. No one to hold me back, no boundaries to keep me in place, no one to tell me what to do.

That was, until I met Alusia

Chapter 5 by m a r i e

I never thought that another wolf could make me feel the way she does. She challenges me in every decision and she is wild and free like how I wish to live. *Alusia*. Even the way her name is said makes me want to run in circles. We met when we were hunting the same caribou and she ran me over to get it first. After that, we traveled together and shared stories. Hopefully she feels the same as I do because I plan on asking her to form a new Pack, but a Pack that is for our life styles with **our** rules... I want her as my Alpha mate... I want her for life.

Chapter 6 by Sarah Quinlan

I finally decided it was time to ask her. After 2 long months, I would finally do it. The plan would work. Or at least that's what I thought. I knew she was different, that's why I liked her, but I didn't know what she really was. Until she turned.
